Dear Jeff,

I just wanted to notify you that I have received the fax and wanted to personally thank you for all your dedication on this PMN. There is one statement in question...it does say a proposed SNUR was issued for this chemical and then it says we need to complete a NOC.

Is there a SNUR for this chemical? Can we import this chemical into US tomorrow as Jeff stated this morning? I would like clarification before the Holidays as it isn't clear to me.

Happy Holidays!!

Regards,

Melissa Ford
